Barres horizontales verso haut et bas et blocs d'éloignement ACP040 à commander en plus.
Les blocs servent à éloigner les barres de la structure pour un rendu visuel optimisé. A positionner entre la structure et les barres.
Commander 4 blocs ACP040 pour la structure courbe 3x3 et 6 blocs ACP040 pour la structure courbe 4x3.

Top and bottom back horizontal channel bars and ACP040 raising blocks must be ordered separately.
The raising blocks push the channel bars away from the structure for an optimized rendering. To be installed between the structure and the channel bars.
Order 4 ACP040 blocks for the 3x3 curved structure and 6 for the 4x3 curved structure.
